Boil Water Advisory

This consumer advisory is being issued by:

The City of Danville, KY

January 13, 2021   9:46 AM

What should you do?

Although **NO CONTAMINATION HAS BEEN CONFIRMED** we recommend: Bring all water to a rolling boil, let it boil for three (3) minutes, and let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking, making ice, brushing teeth, washing dishes, and foodpreparation until further notice. Boiling kills bacteria and other organisms in the water.

What are the areas being affected?   (Insert Areas)

> 227 west jefferson and all of west jefferson

People with severely compromised immune systems, infants, and some elderly may be at increased risk. These people should seek advice from their health care providers about drinking water.

What happened?   (Explain with Details including Size and Type of Line)

> 6 inch cast iron main broke

How are we correcting the problem?   (Explain)

> put clamp on break

How many customers will be affected? | 50 |

Will the customers be notified by Door Hangers or News Media? | media |

We apologize for any inconvenience this may have caused you. This advisory was issued as a precautionary action and can only be lifted with the approval of the Kentucky Division of Water. When all appropriate laboratory testing is completed and the Kentucky Division of Water allows us to lift the advisory we will inform you when you no longer need to boil your water.
